WORK EXPERIENCE

UX/UI Designer | Designveloper
Jun 2025 - Pressent

LUMIN AGREEMENTGEN - DOCUMENT EDITING

- Designed collaborative editing experiences for AgreementGen, a document automation platform developed by New Zealand-based company **Lumin** and used by global teams.

Product Designer | Vidiva
Oct 2023 - April 2025

PAYKIT - PAYMENT SOLUTIONS FOR SMALL BUSINESS (PAYMENT GATEWAY)

- Researched and documented workflows for **Paykit**, a fintech product with features like merchant onboarding, payouts, and member management. Created flowcharts, PRDs, and contributed to the design system to support the development process and optimize workflows for Accounting and Ops teams.

UX/UI Designer | ENFARM Agritech
Jun 2023 - Oct 2023

Freelance

- Designed the **enfarm** mobile app from scratch, integrating hardware tools to measure critical parameters such as temperature and humidity. The app syncs with hardware tools to display results, helping farmers monitor crop health and focus on sustainable growth solutions.

UX/UI Designer | ThinkPrompt x SSSMarket
Mar 2022 - Sep 2023

THINKPROMPT

- Designed BizChat (an LLM-based AI chatbot platform) and Doctranslate (an AI-powered document translation tool). **Doctranslate** reached **50,000+ users within 6 months** after launch.

SSSMARKET - SECONDHAND SHOPPING PLATFORM

- Designed and enhanced 5+ key features in the SSSMarket mobile app for second-hand fashion, contributing to over **1 million downloads**. Developed clickable prototypes, and conducted user research to ensure user-centric designs.
